FAQs About Artwork

- 1) We have too many drawings to fit on backing sheet?** - If you have slightly too many drawings you can add an extra row to the bottom edge of the image area outside the blue template line. Or you can trim the extra white from the smaller drawings allowing them to be placed closer together.
- 2) Can you add the school name and our logo?** - Yes we can and there's no charge for doing this. Email the logo to sales@countrysideart.co.uk and hand-write your school name on the artwork kit backing sheet where you want it added. Also inform us in 'Special Instructions' on the Order Form.
- 3) Some of the children have used biro and pencil what should I do?** - We can usually manage to work with these drawings but they take a lot longer to prepare for print. So there may be a slightly delay with your order. Alternatively, if you have time, ideally ask the children to redraw their pictures.
- 4) Our very young children can only produce hand prints and they are too large to fit on the backing sheet?** If you have access to a photocopier you can reduce the hand prints to the size in the instructions. Or trim around the fingers and over-lay them.
- 5) We don't have any black hand paint?** Any really dark colour such as navy, dark green, purple etc will work but don't use pale colours as our scanner will struggle to pick up the details.

1 x Fine Black Felt Pen - ***Artwork must be in black felt pen only for single colour designs (or black finger paint for hand-prints).*** Fine Black Felt Pens are ideal for the children to use and are easily obtainable.

For full colour designs use felt pens or finger paints for the most colourful results.

1 x Order Form - please fill in all the relevant information and return to us with your design/s.

How To Use The Artwork Kit

The kit involves giving each child a small piece of paper to draw on (cut from one of the smaller A3 grid sheets) and then pasting the resulting drawings back onto the larger A1 grid backing sheet. ***Use the blue grid side for single colour designs and the plain white side for full colour designs.***

Instructions

- Each child completes their drawing in felt pen on the small piece of paper cut from the A3 blue grid sheets. ***(Important - please ask the children to draw on the plain side of the paper pencil is used under the felt pen it must be rubbed out as it can make the pictures look indistinct when printed).***
- The template for tea towels, aprons and bags are marked out on both sides of the large A1 grid sheet. For all other products mark out the artwork size of your chosen product (sizes are all listed on this sheet)
- The finished drawings are then pasted back onto the large A1 grid sheet using a strong glue (we really recommend Pritt Stick). You can paste the drawings right to the edge of the specified artwork size.
- If you have slightly too many drawings you can add an extra row to the bottom edge of the image area outside the blue template line. Or you can trim the extra white from the smaller drawings allowing them to be placed closer together.
- Fold the sheet back up carefully along the pre-existing fold lines. Mail the finished pasted-up large sheet/s back to Countryside Art with the 'Order Form' in the same box.

What Sized Piece Of Paper Do I Give Each Child?

Use the slightly thicker tea towel template line marked on the A1 backing sheet. ***Use the blue grid side for single colour designs and the plain white side for full colour designs.*** Take the pictures right up to the edge of the thicker line. We place the border outside of the thicker line.

Here is an approximate guide for what size of paper to give each child based on the number of children you want to fit on the tea towel. This will also allow spare pieces for the school name.

Artwork Sizes For Other Products

For all the following products you will need to mark the artwork size onto the large A1 backing sheet with the black felt pen.

The sizes are a guide - if you have a few more or a few less children than the guide sizes do not worry.

You can either overlap some of the smaller drawings or leave slightly bigger gaps between the drawings.

All the following sizes include a few spare squares for the school name, logos etc with the exception of pencil cases where one or more squares will need saving for the school name or logo.
