- 1) Complete your design according to the artwork kit instructions
- 2) Fill in an order form per design/product. Tick all relevant boxes for your product. (We only need the contact details on one order form)
- 3) Decide if you want to see a visual before we go ahead with your order and tick the relevant box on the order form/s.
- 4) Carefully fold the backing sheet/s along their original fold lines and return the artwork in the same box with the order form/s.
- 5) We will acknowledge your order as quickly as possible but please be aware at times of high order volume there may be a small delay.
- 6) Our lead times are averagely 7-10 days for a visual (if required) and 4 - 5 weeks for production.
We advise proceeding without a visual if possible to save time.
